

Healthcare Communication Project Guidelines

"Explaining Blood Collection to a 6-Year-Old Child & their Parents"

Project Overview

Create a one-page A4 visual guide for healthcare professionals on how to explain blood collection to a young child (with parents' present).

Required Elements

Your one-page guide must include:

1. **Creative Title** (e.g., "Making Blood Tests Less Scary!")
2. **Before the Procedure** - Preparation tips (3-4 points)
3. **During the Procedure** - Communication strategies (3-4 points)
4. **Do's and Don'ts** - Clear visual presentation
5. **Child-Friendly Phrases** - Age-appropriate language examples
6. **Parent Involvement Tips** - How to include caregivers
7. **Visual Elements** - Simple drawings, icons, or colors
8. **Team Information** - Names and creative healthcare roles

Design Requirements

- One A4 page only (portrait or landscape)
- Clear, readable font (minimum 11pt)
- Professional yet child-friendly appearance
- Balance of text and visuals

Submission Requirements

- Submit one A4 page per group (PDF format)
- Include all group members' names and IDs
- Due date: Thursday 02-Oct-2025
